## *The Boozy Sins*

THE LATEST COCKTAIL EXPERIENCE,  
STRAIGHT FROM THE CAN.

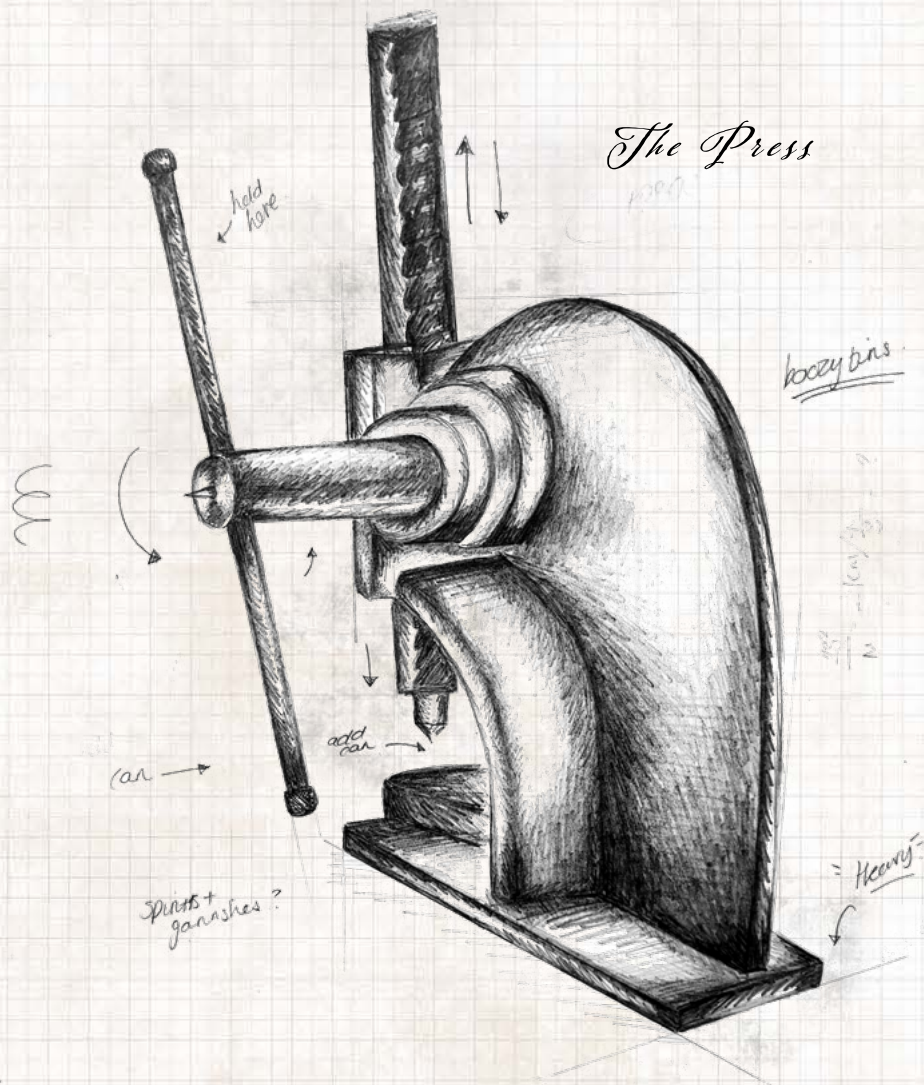

Perhaps the best part about the BOOZY TINS  
besides the amazing flavours and concoctions,  
is the fact the beverage strengthens the more  
you drink...

[Unlike the standard cocktails that begins  
stiff and water down as the ice melts]

Our team of bartenders use a vintage machine  
press to begin the canned cocktail process.

They then add the specially selected  
ingredient combinations of liqueurs, syrups,  
infusions, garnishes and top the can off with  
a miniature bottle of spirit.

*All you need to do is decide  
which is for you.*
